Minor (20 Hours)
1. No more than one course of D credit is allowed for the Chemistry minor.
2. Complete one of the following options:

After consulting with an advisor, complete 3 hours from the following to fulfill requirement #3.

With approval, certain 300-level and above courses in allied fields of physics, statistics, engineering, and biology

*Enrolling in CHEM 497R and 498R gives students an opportunity to be mentored in a faculty’s research lab and receive class credit. Enrollment in 497R can be repeated for several successive semesters, usually followed by 498R. Permission is required from the faculty member. Contact the department office for specific details and to receive a permission-to-add code.

Please note: When Taught is subject to change.

Guide only—please consult MyMAP for full requirements.
