BYU Chemistry BA
Requirements / Prerequisites
2020-2021 Academic Year

Major (57.5 Hours)
1. No More than 3 hours of D credit is allowed in major courses.
2. Final 40 hours of chemistry credit must be taken in residence at BYU.
5. Complete the following: Math 112, Math 113, Phscs 121, Phscs 123, Phscs 220

Note: Elective courses must be different than required courses.

After consulting with an advisor, complete 3 hours from the following to fulfill Requirement #4 to senior level and above courses in biology, engineering, physics, and statistics. Please consult MyMAP for full requirements. Required courses, please consult MyMAP for full requirements.

With approval, certain 300-level and above courses in biology, engineering, physics, and statistics may be taken to satisfy the requirement.

*Enrolling in CHEM 497R and 498R gives students an opportunity to be mentored in a faculty’s research lab and receive class credit. Enrollment in 497R can be repeated for several successive semesters, usually followed by 498R. Permission is required from the faculty member. Contact the department office for specific details.
