

**College of Physical and Mathematical Sciences**

**Convocation**

Brigham Young University

April 22, 2021

2:00 p.m.

*Departments of  
Chemistry and Biochemistry  
Computer Science  
Geological Sciences  
Mathematics  
Mathematics Education  
Physics and Astronomy  
Statistics*

---

## Program

---

University Representative	C. Shane Reese Academic Vice President
Welcome	Grant J. Jensen Dean
Invocation	Zachary Rackham Westhoff Applied Physics
Remarks	Grant J. Jensen Dean
Remarks	C. Shane Reese Academic Vice President
Speaker	Isabella James Biochemistry
Musical Number Saint-Saëns Bassoon Sonata in G, Op. 168 i. Allegro moderato iv. Allegro moderato	Caleb Lee Hill, bassoon Statistics and Madison Jayne Nestripke, piano Statistics
Speaker	Tyler Allen Mansfield Mathematics
Speaker	Orion James Weller Computer Science
Closing	Grant J. Jensen Dean
Benediction	Bonnie Roth Mathematics Education

---

## Convocation Participants

---

*Students are invited to participate as an acknowledgment of their talent and academic excellence.*

**Caleb Lee Hill** is the son of Era and Alan Hill of Haltom City, Texas, and husband to Elizabeth Hill. Caleb is receiving his bachelor's degree in statistics, with minors in mathematics, computer science, nonprofit management, and music. During his time at BYU, Caleb has received his certification as a nonprofit professional and has demonstrated his love for service through volunteer work with Runtastic, the United Angels Foundation, and International Language Programs. He also served for a time as an executive director for Y-Serve and as a board member of the BYU Nonprofit Student Society. He has pursued his love of music at BYU through performing with the BYU Philharmonic and BYU Symphony Orchestras. He further spent time as an audio engineer, recording hundreds of performances for the BYU School of Music. Caleb served as a missionary from 2012 to 2014 in the Florida Tallahassee Mission. He is a self-proclaimed connoisseur of memories, and in his free time he enjoys making memories with family and friends, experimenting with photography, playing bassoon, and training his dog, Remmi. After graduation he plans to pursue a career as a data scientist before eventually furthering his education.

**Isabella James** is the daughter of Julie Swallow and Stephen James of Salt Lake City, Utah. She is receiving her bachelor's degree in biochemistry. She is the recipient of a four-year National Merit Scholarship and has been working in the J. C. Price lab since winter 2017. Isabella also enjoys distance running and hiking in the mountains around BYU. She plans to attend graduate school in the fall at the University of Wisconsin–Madison.

**Tyler Allen Mansfield** is the son of Kent and Deena Mansfield of Vernal, Utah. He is receiving his bachelor's degree in applied and computational mathematics with a concentration in biostatistics. Tyler was awarded the Orson Pratt Mathematics Student of the Year and Most Outstanding Student in the College of Physical and Mathematical Sciences in the Phi Kappa Phi chapter for 2020. Tyler is passionate about using data-driven methods to optimize human decision-making—a passion that led him to research personalized medicine and high-dimensional computational biology throughout his undergraduate experience. He participated in internships with Epic Healthcare Systems, automating case assignment in pathology laboratories, and later with Recursion Pharmaceuticals, improving the reproducibility of experiments in drug discovery. Outside of his academics, Tyler's favorite undergraduate experiences have included serving as an LGBTQ student advocate with the university's Office of Student Success and Inclusion and as the president of the BYU chapter of the National Alliance for Mental Illness. Tyler will be attending the University of California, Berkeley, this fall as a biostatistics MA/PhD candidate.

**Madison Jayne Nestripke** is the daughter of the late Theron Nestripke and Ken and Christy Fox of El Dorado Hills, California. She is graduating with a bachelor's degree in statistics with an emphasis in biostatistics, a second major in Russian, and a minor in music. She is a sixth-generation piano student of Beethoven and has enjoyed performing, competing, and accompanying since she was five years old. Madison served in the Russia St. Petersburg Mission from 2017 to 2018. In 2019, she returned to Russia on a scholarship to participate in genetic mutations research at the Skolkovo Institute of Science and Technology. In her free time, Madison enjoys traveling, reading, playing the piano, and spending time with her family and friends. Madison is currently interviewing with several companies and plans to begin a rewarding career upon graduation.

**Bonnie Roth** is the daughter of Alan and Julie Curtis of Richfield, Utah, and is married to Kyle Roth. She is receiving her bachelor's degree in mathematics education, graduating magna cum laude. She is a recipient of the four-year Thomas S. Monson Presidential Scholarship. From 2016 to 2017, Bonnie served a mission in Concepción, Chile. She is proudest of her accomplishment of being a mom to her 18-month old daughter, Hazel. Bonnie loves exploring math with students and believes that every child deserves to feel they are good at math. In her free time she enjoys hiking, playing Frisbee, and cooking. She loves talking about calculus with her husband and teaching her daughter to say "eight." Bonnie plans to be a full-time mom after graduation and will find individual opportunities to inspire students in math.

**Orion James Weller** is the son of James and Erika Weller of Sequim, Washington, and is married to Hailey Weller. He is receiving his bachelor's degree in computer science and statistics, with a minor in mathematics. He is the recipient of the Goldwater Scholarship, a semifinalist for the Fulbright Scholarship, and a winner of the Computing Research Association's Outstanding Undergraduate Researcher Award. He has worked with several professors in the BYU Computer Science Department, including Professors Kevin Seppi, Quinn Snell, and Nancy Fulda. He has also collaborated with research groups at Adobe, Apple, and the Allen Institute for Artificial Intelligence. His research has been presented and published in various international artificial intelligence and natural language processing venues, including the Association for Computational Linguistics (ACL), the Empirical Methods in Natural Language Processing (EMNLP), and the European Chapter of the Association for Computational Linguistics (EACL). Orion served in the Colorado Denver North Mission from 2015 to 2017. In his free time he enjoys spending time with friends, traveling, and being outdoors. He plans to enroll in a PhD program this fall to continue his research in computer science.

**Zachary Rackham Westhoff** is the son of John and Rachel Westhoff, formerly of the U.S. Army and presently of Reno, Nevada. Zach followed in the footsteps of his father and older brother by graduating from BYU in applied physics, additionally minoring in Japanese and computer science. He is a recipient of the Thomas S. Monson Presidential Scholarship and has been working with Dr. Robert Davis to develop a noninvasive biomedical sensing device. In his free time he enjoys skiing, baking, and hiking with his wife, Laura. Zach will begin his studies at Harvard Law School this fall.

## Graduates

---

### DOCTORAL DEGREES

---

#### Chemistry and Biochemistry

---

##### DOCTOR OF PHILOSOPHY

###### DECEMBER 2020

Jiuzhi Gao  
Ashari Rashmi Kannangara  
Jiewen Shen

###### JUNE 2021

Haifa Mohammad  
Almughamsi  
Basu Ram Aryal  
Steven Robert Earl Draper  
Robert L. Hanson  
Brittany Elizabeth Knighton

###### AUGUST 2021

Ryan Wayne Carlsen  
Concordia Ching Yiu Lo  
William Grant Ludlam  
Erin Elizabeth Martinez  
Dhananjaybhai I Patel  
Kaylee Nicole Rellafor  
JD Singleton  
Isaac Theodore Smith  
Seth Allen Taylor  
Mary Lorena Vallecillo  
Munguia  
Qiang Xiao

#### Computer Science

---

##### DOCTOR OF PHILOSOPHY

###### DECEMBER 2020

Michael Benjamin Brodie

###### APRIL 2021

Sean Allan Flynn

###### JUNE 2021

Pei Guo

#### Mathematics

---

##### DOCTOR OF PHILOSOPHY

###### DECEMBER 2020

Dongsheng Wu

###### APRIL 2021

Xue Liu  
Mary Ellen Furner Rosen

###### JUNE 2021

Rebeca Ann Paulsen

#### Physics and Astronomy

---

##### DOCTOR OF PHILOSOPHY

###### DECEMBER 2020

Joseph Timothy Rowley

###### APRIL 2021

Ty Spencer Beus  
Kevin Matthew Leete

#### MASTER'S DEGREES

---

#### Chemistry and Biochemistry

---

##### MASTER OF SCIENCE

###### DECEMBER 2020

Praneeth Madushan  
Hettikankanange  
Matthew F Rathgeber  
Rebecca Caterina Viazzo  
Winegar

###### APRIL 2021

Pramoda Sahan Kumari  
Aththota Gamage  
James Curtis Coombs  
Trevor Mark Godfrey

###### JUNE 2021

Alexander James Farnsworth

###### AUGUST 2021

Andikan Jones Nwosu

#### Computer Science

---

##### MASTER OF SCIENCE

###### DECEMBER 2020

Wesley Mark Ackerman  
Taylor Neil Archibald  
Jonathan Blake Armknecht  
Brooks Anthony Butler  
Benjamin Mark Crowder  
Daniel Wayne Hurlburt  
Najma Mathema  
Christopher Michael Rytting  
Brandon J. Schoenfeld

###### APRIL 2021

Daniel Craig Allen  
Dallin Robert Clayton  
Jacob Lee Davis  
Brian Lynn James  
Gavin Scott Jensen  
Melanie Ward Jensen  
Roland René Laboulaye  
Kimball Oakley Leavitt  
Matthew Stuart Pope  
Jeffery Todd Reimschuessel  
Eric Michael Romrell  
Ryan William West

###### JUNE 2021

Gabriel Scott Smith  
Sterling Winston Suggs

###### AUGUST 2021

Brandon Jay Atkinson  
Alden Douglas Hilton

#### Geological Sciences

---

##### MASTER OF SCIENCE

###### DECEMBER 2020

Rodney Ryan Chadburn
